Jacks Lose To Yanks-- Win From Vulcan

Union Jacks, Raymond's senior basketball team, won and lost in two games in the Opera House Saturday and Wednesday.

Saturday the Calgary Yacks, an aggregation of superb ball players, clever shooter, won with a 40-35 decision in 40 minutes of intense play. The best team won and it was the long shots of the Yacks dunked from away out that kept the Jacks. These were beautiful shots and time after time they went through without even touching the hoop.

Wednesday night, the Jacks hit their stride and really got warmed up. Their combinations clicked like clockwork and time after time they broke through to score as Vulcan was reaching up to block the shot. Harry Walker, Turner and Mickelson were unbeatable. Wednesday night Walker or Turner would shoot and the lanky boy would stand under the hoop and if it failed to go through he would reach up and push it in. Vulcan has a fine team and it was a pleasure to watch them work. They made shot after shot at the goal but were unable to make them count. Both teams played good combination ball and it was fast all the time. Because of this, there were more than the usual number of fouls but there was no intentional rough stuff and no ill feelings.

Following are the lineups and scores:

CALGARY YACKS: Bastin 15, Dunn 9, McLeod 3, Moller 3, MacLean 9, Langstaff 9, Wakeman, Simon 4. Total 40.

JACKS: Nalder, R. Walker 2, Burne 7, H. Walker, Turner 21, Mickelson 3, Rolfsen 4, Hill, Evans Total 35.

W. Rolfsen and Bert Lenvitt had the whistles for the game.

VULCAN R.C.A.F.: Kataene 8, Lewis 2, Wright 11, Timney, Chisholm 2, Dayton 2, Ranson 13, Heath crington 1. Total 39.

JACKS: Turner 13, Nalder 14, R. Walker 8, Evans, Mickelson 18, Hill Rolfsen 1, H. Walker 13, Dunlop. Total 68.

W. Rolfsen and Max Heggie had the whistles for this game.

ANNUAL MEETING OF MUNICIPALITY

The annual meeting of Sugar City Municipal District was held Saturday afternoon in the Town Hall. Due to the cold day the attendance was small. The annual statement was presented and showed the financial and other affairs of the district in good shape. There had been considerable road work done in all sections of the district, tax collection had been good, bills were paid and there was a healthy bank balance. Considerable discussion followed the report and all questions were satisfactorily answered. Secretaries Rolfsen was present and presented a comprehensive report on the new Raymond Municipal Hospital just opened.

All vacancies on both Council and Municipal boards were filled by acclamation so that no election will be held. Lou Nelson was renominated for the east part of the district. R. M. Matson, who has been Reeve for the past two years representing the south Raymond and south Magrath districts declined to stand for re-nomination, and J. D. Brown, former councilman was nominated and elected. P. K. Moreland was re-elected to the Raymond Hospital Board and Owen Owens and Ralph Thompson to the Magrath Hospital Board. A vote of thanks was given the Council Dunn 9, McLeod 3, Moller 3, MacLean 9, Langstaff 9, Wakeman, Simon 4 for their faithful services.

Elder A. Bowen Addresses Meeting

A special meeting was called Friday evening last in the Stako House to give Raymond people a chance to listen to Elder Albert E. Bowen of the Twelve, who was here for Conference representing the General Conference.

After the opening exercises and remarks by Pres. T. Geo. Wood, Elder Bowen was introduced. He complimented the membership of the Stako on the fine house in which they met, and said that in his travels in the Church he had seen none finer. Though this was his first visit to the Canadian Stakes, he had enjoyed himself very much and he had met the kind of people he had hoped to meet when he left on this trip, men and women who appreciated their membership in the Church and who cherished the heritage that was theirs. He mentioned the hundreds of thousands of members who had sacrificed everything in England, came to a new land, crossed the plains to a barren desert because of their testimony of the gospel. These people could have turned back and escaped all this, had they denied their belief. If they had, he asked, where would we be today? Our ancestors came to the mountain valleys so they could rear their children in the environment they wanted to have. It grieved him to see the old homesteads and pioneer homes left in ruins. People desert the farms for the city because of more money and easier living. He wondered if our descendants of this territorial heritage was symbolic of our declining spiritual heritage which had been purchased and handed down to us with the best blood the world had ever known. Do our modern conveniences dominate our lives? What people really believe guides them in all their actions.

He mentioned the calling of the Prophet, by the Master and of the Savior's life and mission, and said that all that is best and greatest in life today, originated in the teachings of Jesus. He mentioned the declaration of independence as based on the teachings of Christ and told the story of the building of Nauvoo. Our present day luxuries and conveniences, beyond the wildest dreams of our forefathers were ours because of their belief and faith. What are we doing about it? Are we ready to suffer as they did for our belief? One cause of the present conditions in the world was the sacrificing of principles for expediencies of time. He urged members to hold on to their faith regardless of the temptation to seek money, and we cannot get the things that money will buy, but if we have a small farm we can always grow a living.

Pres. Wood said Elder W. A. Henderson of the 2nd Ward High School had asked to be released because of ill health and that Wm. Jensen had been selected to serve in the High School and he asked the vote of the 2nd Ward people present in favor of this change.

On Friday night at 6:30 a Welling meeting was held where this was discussed at length with some of the Ward workers and the 2nd Ward Leadership meeting was held and here Elder Bowen presented what he thought constituted a successful and worthwhile visit to the 2nd Ward people in getting them back into Quorum activity.

During the Conference Elder Bowen moved to Magrath.

Wm. Jensen, of the R.C.A.F. is home on a short leave.

QUARTERLY CONFERENCE IN MAGRATH

The regular Quarterly Conference of the Taylor Stake convened in Magrath on Sunday with a Priesthood meeting at 9 a.m. Talks were given by Ferris Zaugg representing the Elders, J. W. Evans representing the High Priests and a deacon from the Magrath 2nd Ward on Quorum work. Pres. T. Geo. Wood spoke briefly and Elder Bowen spoke on Priesthood, its power, responsibilities and activities.

At 10:30 a.m. the Sunday School session convened and a Junior Chorus directed by Grant Wobley furnished the music for this session. Pres. Heber F. Allen was the opening speaker and referred to the Mother's and Daughter's meeting and the fine time enjoyed. He mentioned the concern of the Authorities over the youth and thought everyone should try and make the influence of the home a greater factor in the lives of the youth.

Miss Marie Lamb, recently returned from the mission reported briefly and testimonies were given by Elder Geo. Gurney, Ray Hard, and I. R. Taylor. Elder Bowen spoke on the subject of religious spirit in the British Empire and said there was no substitute for the home in the building of character. Home is the unit of the family and with confidence in the future and with confidence in the future of our children.

The 2 p.m. session was addressed by Pres. M. T. King, Bishop C. C. Spencer of Magrath 2nd Ward, Elder Wm. Jensen of the Raymond 2nd Ward and Pres. T. Geo. Wood spoke and complimented the membership of the Stake on the fine reports they had made during the past year. These reports were the measuring rod of the spiritual condition of the people. The general and Stake anti-critics were presented by Stake Clerk Wm. Anderson and sustained. The Stake Primary was re-organized with Mrs. J.O. Hicken, Mrs. Godfrey Holmes and Mrs. Frank Taylor with Mrs. Bruce Heggie as Secretary.

The board to be announced later. Elder A. F. Bullock of Welling and Elder Jas. S. Anderson of Raymond 2nd Ward bore their testimonies and Elder Bowen gave an inspiring address on the reality of the after world and the means of communication between the mortal and the spirit world. His talk was enriched with experiences he had come across in his travels throughout the Church.

THE INVESTMENT IS SAFE

What about the market value of Victory Bonds after the war? The people of Canada are being asked to practise every economy. Invest the money saved in Victory Bonds and thus provide a backlog of spending power to be used after the war in making deferred purchases and improving their property. Some are asking if there is any assurance that their Victory Bonds will be worth one hundred cents on the dollar, if and when they cash them for such purposes. On this question the Hon. J. L. Halsey, minister of finance, has to say:

"It will be of the greatest importance that we maintain, indeed assure, a ready and stable market for all these millions of bonds that we have sold. We have now the monetary and financial machinery and we have developed the methods for accomplishing this, and we will therefore be able to deal with any situation which may develop in a way which will keep faith with the millions of investors who are supporting the savings program in this national emergency."

Mr. Graham F. Towers, Governor of the Bank of Canada has given this assurance of the future of Victory Bond prices:

"Government bond prices reflect the level of interest rates. A decline in bond prices could happen only if

Interest rates were to rise. In my opinion, the needs of the future will require and enable the kind of monetary policy which has brought about the current level of interest rates. Continuance of this policy means stability in Victory Bond prices."

These assurances from the two highest ranking responsible authorities on the subject should settle any doubts as to the postwar value of Victory Bonds.—Country Guide.

A HOME TOWN HERO

"Greater love hath no man than this, that a man lay down his life for his friends." So spoke our Lord and Saviour that great example of

love and sacrifice, and history is periodically glorified by the deeds of heroes who have sacrificed their own lives that others might continue to live.

From our midst has gone, never to return as a mortal, a man, who in our minds is yet a boy scarcely matured, but considered old enough to defend the colours.

Charles Bascom is known to most of the inhabitants of our town, and loved by many, but his memory is left, not alone in the place of his birth, but also in the path of his travels.

In the city of London, England, there lives a family of three grown children with their widowed mother, one of whom it can be said "she suffers the greatest sorrow." This

CANADA'S VETERANS Their Post-War Opportunities

An advertisement explaining to the people of Canada the re-establishment credit available to men and women of the Armed Forces.

The Re-establishment Credit— AN EXPLANATION OF THE GRANT

In planning the return to civilian life of men and women in the armed forces, Canada's parliament realized that assistance in re-establishment must cover a wide variety of fields. For many—particularly younger members of the forces—the best method of effecting permanent re-establishment will be through training or through an opportunity to continue an interrupted education. Others can be assisted through land settlement—either on full time farms or on small holdings operated with some regular form of employment. In many cases a combination of these two things—training and land settlement—will be the solution. Legislation for this type of re-establishment was provided early in the war.

ANOTHER LARGE GROUP

There is, however, another very large group who do not need training and who are not suited for land settlement as provided under the Veterans' Land Act. After long months or years in uniform, these veterans will need assistance also. There will be those who normally would have owned their own homes but who have their service. There will be those who own homes but who have been unable to carry out needed repairs and alterations. There will be veterans who sold businesses to enlist and who want to resume them, and others who are fitted for a business of their own but who need assistance in financing. The Re-establishment Credit is designed for this latter group, and primarily is an alternative to training and land settlement benefits.

PAID UNDER WAR SERVICE GRANTS ACT

The Re-establishment Credit is made available under the same Act of Parliament which provides War Service Gratuity. It is not a loan but an outright grant, paid to an eligible veteran to aid in re-establishment if the veteran decides not to use land settlement or training benefits. It may be used in Canada only at any time in the ten years following discharge for certain specified purposes as outlined in this advertisement. The grant is called a "credit" because it is an amount carried on the ledger to the credit of the veteran for ten years until used by him for a re-establishment purpose.

HOW TO APPLY FOR RE-ESTABLISHMENT CREDIT

The re-establishment credit is an amount equal to the basic War Service Gratuity—that is \$7.50 for each 30 days' service in the Western Hemisphere and \$15.00 for each 30 days' service overseas. The amount is computed by the branch of the armed forces with which the veteran served, and for that reason application first must be made for the War Service Gratuity. When a statement showing the amount of the basic gratuity has been received by the veteran, application for the re-establishment credit may be made to the Department of Veterans Affairs on a form which may be secured from

any district office of the department. Application for the war service gratuity is made to the branch of the armed forces with which the veteran served and forms may be secured at any armed forces depot or at any office of the Department of Veterans Affairs.

STUDY ALL MEASURES BEFORE APPLYING

It is important that every veteran shall have made a definite decision as to future plans before applying for the re-establishment credit. Payment of the re-establishment credit debars the veteran from educational and training grants and benefits under the Veterans' Land Act, since on application for the credit the veteran elects not to take advantage of these other benefits. Any benefits under the Veterans' Land Act and payments to, or on behalf of the veteran for training or continuation of education already granted are charged against the credit. Do not apply for your re-establishment credit until you have studied all other rehabilitation measures. Advice of department officials is available to assist you.

PURPOSES FOR WHICH CREDIT MAY BE USED

Grant of the credit may be authorized for the following purposes:

- To assist in home owning;
- To assist in building a home;
- To assist in home repairing or modernization;
- To buy household equipment and furniture;
- To buy tools, instruments, etc., for trade, profession, or business;
- To provide working capital for profession or business;
- To buy a business;
- To pay premiums on Dominion of Canada insurance;
- To buy special equipment required for educational or vocational training.

In the case of (a), (b), (d) and (g) above, the veteran must put up one dollar for every two dollars used from the re-establishment credit. If experience shows a broadening of these purposes is needed, provision has been made for it.
